EXERCISE – 5

Question: Execute and display the results of the following commands in Kali Linux Operating System:

1. uptime command
2. date command
3. mv command

Aim

To execute and display the results of the uptime, date, and mv commands in Kali Linux.

1. UPTIME COMMAND

Command:

uptime

Use: The uptime command displays how long the system has been running.

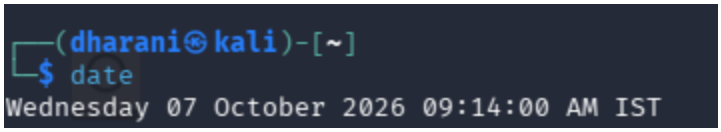

2. DATE COMMAND

Command:

date

Use: The date command displays the current date and time.

3. MV COMMAND

Command:

mv sample.txt test/

Use: The mv command is used to move or rename files and directories.

Result

Thus, the uptime, date, and mv commands were successfully executed in Kali Linux and their results were displayed.
